

AN ORDINANCE relating to five year contracts for Elevator Maintenance Service.

Section 1. The County has the continuing requirement for elevator maintenance service at various County locations for the orderly propagation of County business, and the safety of life and limb of persons using these elevators.

Section 2. Elevator maintenance service is a highly restricted and specialized field. Each installation is unique unto itself. A five year contract will make it beneficial for the contractor to stock more parts for the job and to develop a higher degree of technical skill on the job, thereby affording the County a lesser overall cost, and more efficient maintenance service over the contract period.

Section 3. The County Council authorizes the Manager of the Office of Purchasing to award said maintenance contracts on a five year basis.

Section 4. Contracts awarded in this manner shall be charged against the departmental maintenance and repair budgets.

Section 5. The amount of debt incurred beyond current appropriations shall not exceed \$150,000.00.

INTRODUCED and read for the first time this 18th day of

January, 1971.

PASSED by the Council at a regular meeting thereof on the
